INTRODUCTION

- We've made it easy for you. Our furniture cover fits East Oak outdoor furniture. No weather condition has got anything on the outdoor furniture cover because it can last through dust, dirt, and even snow! Plus, it's designed with 600D polyester and coated with TPU, so of course it's durable a.k.a. waterproof and fadeproof.
- The cover material is made of 600D polyester fiber and TPU waterproof coating, which can resist dust, dirt, and even rain and snow, reducing the risk of furniture mold during the rainy season.
- Even the wind can't pull the cover down, because it is built with a drawstring to secure the cover in place.

INSTRUCTIONS FOR USE

- After wrapping the cover around the furniture, fasten the buckle and tighten the elastic rope. This can make the cover fit the furniture better and reduce the impact of wind on the cover.

MAINTENANCE GUIDELINES

- To clean the exterior surface of the outdoor furniture cover, use a damp cloth with water only. Make sure to dry it thoroughly after cleaning.

- Do not use any abrasive cleaners. Damages may occur with misuse.
